

Our Products

THCa

Non-Psychoactive

Apollo offers a high quality THCa tincture. THCa is *not* known to exhibit any psychoactive properties, whereas it has demonstrated pharmacological effects that have been used to provide potential medicinal benefits, such as:

- *Anti-inflammitory: arthritis, inflammatory pain, auto-immune conditions*
 - *Neuroprotective: epilepsy, spasms, Parkinson's etc.*
 - *Antiemetic, nausea, appetite loss*
 - *Anti-proliferative (prostate cancer), antibacterial*
-

CBD

Psycho-Deactivating

Apollo's CBD tincture is prepared via a natural process offering a high quality tincture. CBD does *not* have psychoactive properties on its own; instead it works to downregulate or even neutralize the psychoactive properties of THC. CBD is known to provide a variety of potential medicinal benefits, especially for:

- *Epileptic seizures, convulsions, migraines*
 - *Anxiety, post-traumatic stress disorder (PTSD)*
 - *Depression, nausea, vomiting, psychotic episodes*
 - *Cancer*
-

THC

Psychoactive

Our natural enrichment process results in a high quality THC tincture. THC is known to have *strong* psychoactive properties; which are more pronounced after oral administration. THC has demonstrated potential medicinal benefits for:

- *Stress Relief*
 - *Appetite stimulation*
 - *Pain management*
 - *Migraine pain*
-

THC/CBD

Mildly Psychoactive

Apollo offers a high quality THC/CBD tincture that provides significant therapeutic advantages. Our 50/50 mixture leverages the synergistic benefits of this powerful combination and has shown potentially significant medicinal benefits for the treatment of:

- *Peripheral neuropathy associated with cancer, MS, diabetes, arthritis*
 - *Neuropathic pain, chronic pain*
 - *Auto-immune diseases, such as multiple sclerosis*
-

CBN

Psychoactive

Apollo offers a high quality CBN tincture as 1:1 mixture with THC, Our 50/50 combination leverages the synergistic benefits of the two compounds in a single product that can deliver lasting sleep quality. The mixture can have a number of potential medicinal benefits, such as:

- *Anti-insomnia, sleeping aid*
 - *Neuropathic pain*
 - *Antibacterial agent*
-
